

**Resolution of Meeting of Representatives of ESM  
Organisations held on 19<sup>th</sup> August 2018 at Hyderabad to  
forge unity among ESM Organisations and formation of  
“National Confederation of ESM Organisations”**

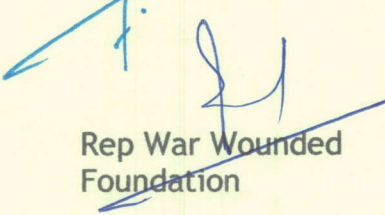

The representatives of the following ESM Organisations (called Representatives in short), having been authorised by their Organisations, have attended the above captioned meeting to form National Confederation of ESM Organisations (called Confederation in short) at the above venue.

The representatives having heard the presentation on the approach paper and views of other Representatives, debated extensively have come to an understanding that there is an immediate need to have unity among the ESM Organisations especially those who are not recognised by the Ministry of Defence, so that their voice can be heard by the Policy Makers. It is also agreed that such Confederation should be consisting of ESM Organisations which are avowedly apolitical and its functioning should be only to project the agreed collective view to the Ministry of Defence. The formation of the Confederation will not affect the internal functioning of the constituent ESM Organisations and will not in any way change their character or identity just because they have elected to become members of the proposed Confederation. It is clearly agreed that the joining of the ESM Organisations is neither merger nor the constituent Organisation will lose their Identity.

The Representatives also agreed that an Interim Committee should be elected to attend the meeting and such Interim Committee should consist of all Presidents / Authorised Representatives who attended the meeting. Further it was agreed to nominate an alternate member who will attend the meetings convened by Ministry of Defence/ President of the Confederation. It was also agreed that a President should be elected from among the Representatives and there should be an elected Vice President. Further it was decided to form the Interim Committee immediately and authorise the President to inform the Ministry of Defence about the Formation of the Confederation and the election of Interim Committee and request that the Confederation be invited for Consultative Meetings of MOD with ESM Organisations.
